About the Singapore Association for the Deaf

The Singapore Association for the Deaf (SADeaf) is a leading organization in advocating equal opportunity for the Deaf, and supporting them to reach their full potential. Its mission is to assist the Deaf to achieve a better quality of life and enable them to integrate fully into and contribute to society.

We have been serving close to 6000 Deaf and Hard-of-Hearing persons in the past 68 years. Our wide range of services include social and mental health support, employment support, financial assistance, counseling, education support, early childhood intervention, hearing care, Sign language interpretation, note-taking, sign language classes, as well as Singapore's only DeafBlind programme.

SADeaf is a charity with IPC status, which has been accorded the "Charity Transparency Award". All donations and contributions can be accorded 2.5 times tax deduction.

Over the years, we have strived to provide essential services, support, and opportunities that empower Deaf & Hard-of-hearing individuals to overcome challenges and lead fulfilling lives. As we endeavor to expand both the width & depth of our services, more funds will be needed. In particular, we plan to increase the capacity of our Early Childhood Intervention Program for young Deaf children, as well as pave ground for a community hearing test project benefiting the elderly.

Thank you very much for supporting our SADeaf Charity Golf & Dinner 2024, which we believe will greatly benefit from your gracious presence.
