The members and staff have fully complied with the Conflict of Interest Policy.

During the Financial Year 2015/2016, I am heartened to note and share some of the memorable highlights which played an important role in raising public awareness of the sign language, deaf culture and community.

Signifque, our group of volunteers under SDeaf which focuses on Song Signing Performance to create sign language awareness, participated in Mediacorp's "The Gift of Song Fans' Video Contest in May 2015 and was one of the top 3 groups commended for receiving the most number of votes. My heartiest congratulations and deep appreciation for their long time significant contribution in sign language through song signing.

Our SDeaf Igniters, which was formerly known as YouthBeat, organised a mass recital of the National Pledge in Sign Language to celebrate Singapore SG50 Anniversary. More than 450 people from all walks of life gathered together at Bishan-Ang Mo Kio Park on Saturday 25th July 2015 and simultaneously signed our National Pledge.

In August 2015, the General Election Training Session was held with the objective of practising Relay Interpreting and being familiar with the terminology used in the past General Election rallies. Deaf and Hearing Interpreters were selected and gathered regularly for practice. This enabled them to be successful in interpreting proficiently during the National Day Rally 2015. The main interpreters were Jessica Mak, James Ong and Teo Zhi Xiong. The Relay Interpreters were Amirah Osman and Hanna Omar. Thereafter from 3rd Sep to 9th Sep, all staff interpreters and selected Community Interpreters were deployed during the General Election 2015 Rallies. That had brought forth equal accessibility of information to our Deaf and Hard-of-hearing Community in accordance with the United Nations on the Conventions of the Rights of the Persons with Disabilities (UNCPRD) Article.

A new Social Group of the Deaf (SGD), led by Ms Tay Lay Hong, was launched on 17 April 2015, aimed at bringing the Deaf and Hard-of-hearing community together for social gatherings and activities such as educational tours to Ho Chi Minh, Vietnam, in June 2015; healthy cooking workshop in August 2015; and Deepavali gathering in November 2015 in celebration with our Indian Deaf clients.

Singapore Deaf Youth Section (SDYS) is helmed by Ms Lisa Loh who took over as President of SDYS committee from Erika Herdman on 13 March 2015. Lisa Loh and Zhi Wei attended the 6th World Federation of the deaf Youth Section Youth Camp at Ciroz Summer Camp in Istanbul, Turkey, from 18 to 25 July 2015 and Lisa Loh and Dave Chua attended XVII World Congress of the World Federation of the Deaf in Istanbul from 28th July to 1st August 2015.

The Community Service team continued to reach out to many Deaf friendly employers for job placements as well as broadcast job offers to the deaf community via batch emailing, website, facebook and notice boards. Most of the job offers came from the F&B sector with companies such as ABR Holdings Ltd (Swensen's). Paradise Group Holdings and Tip Top offering positions as waiters, kitchen helper, service and production crew and Commis chefs.

The year 2015 was an eventful one for SDeaf as it marked a major milestone in its history of serving the Deaf community in Singapore for 60 years. To celebrate the 60th Anniversary occasion, a gala dinner was held at Resort World Sentosa Ballroom on 19 September 2015. Over 250 guests, including many of our deaf and hard-of hearing clients and their families turned up to enjoy an evening of good food, fun, games and performances. Joining in the celebrations as the Guest-of-Honour was Ms Low Yen Ling, Parliament Secretary, Ministry of Education & Ministry of Trade and Industry Mayor of South West District.

Guests and visitors to the 60th anniversary Open House & Carnival, held on 28 November 2015, spent an enjoyable afternoon reminiscing traditional games such as 'chaptek', five stones, pick-up-sticks and blowing bubble balloons. Besides enjoying performances such as line dancing and bokwa, they also were given a better understanding of SDeaf's history and services from the infographics on display. Among the VIP guests included Ms Low Yen Ling, Mr Sim Gim Guan, CEO of the National Council of Social Services (NCSS), and, Ms Phyllis Chua and Ms Christina Michael, both from Special Education Services Division of the Ministry of Education.

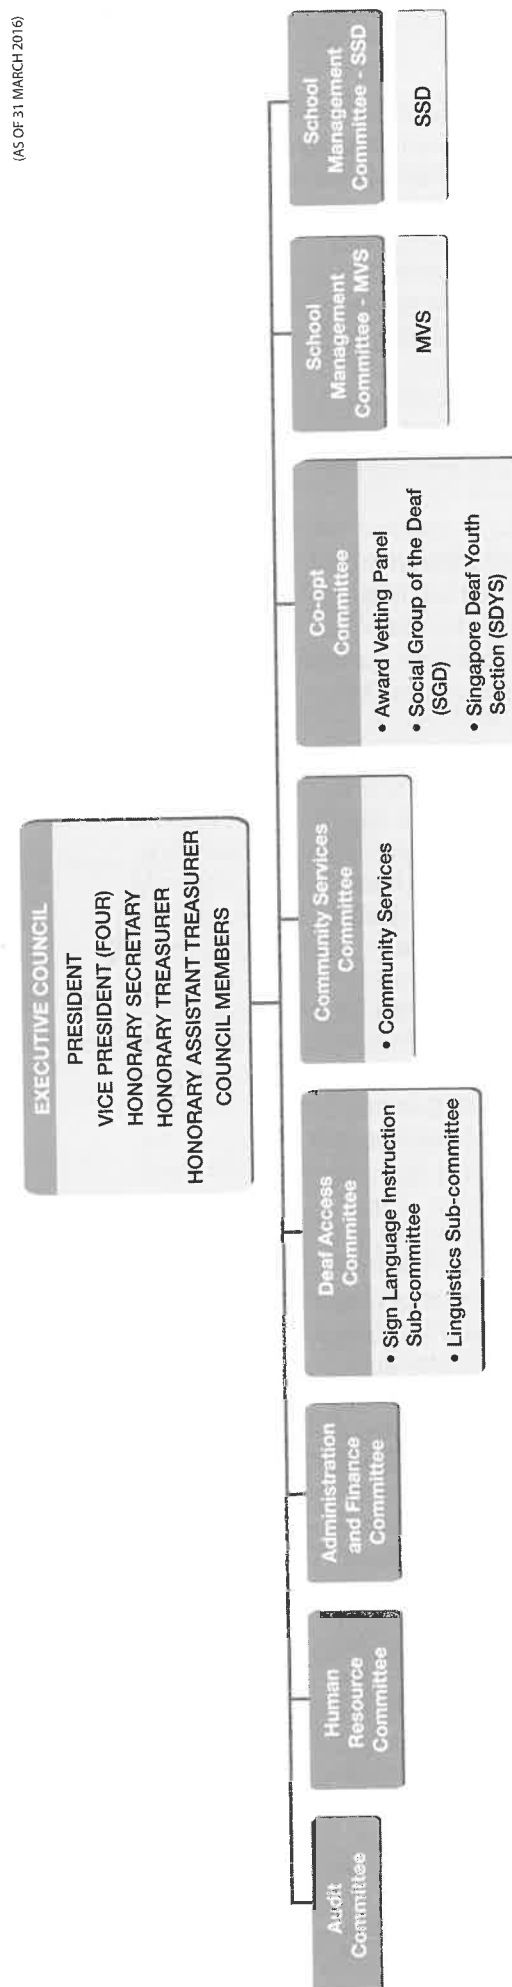

First Meet-the-Deaf session on 30th January 2016 was organised together with the former Honorary Secretary Ms Sylvia Teng (now Executive Director) with the main objective of identifying and understanding the needs of the Deaf/Hard-of-hearing Community. It provided a good platform to share views and concerns on matters such as employment, membership, accessibility, elderly care and education. I am appreciative of the honest feedback gathered and will seek ways on how we can improve and engage meaningfully on our service delivery that can benefit our Deaf and Hard-of-hearing community.

In this continuing journey, it is very important for us to remain focused and our responsibilities is not just to look inwards but how aware are we of the changes that evolve rapidly around us. We need to consider how we as an organization can innovate and strengthen our capacity despite limited resources and constraints so that we can do things much better and be able to serve wholeheartedly.

SDeaf wishes to express heartfelt thanks to all our Ambassadors, donors and supporters for their time and generous contributions. SDeaf also would like to express our deepest appreciation to all Executive Council members, volunteers, corporations, work-based training partners, as well as National Council of Social Service, Ministry of Education, Ministry of Social & Family Development, the Tote Board and their staff for all their kind assistance and warmest support.

Programmes And Activities

Character Development Programme

BLSS has always emphasized the importance of character development. The school has also put in place appropriate mechanisms to better track the students' learning outcomes. We are happy to report that 100% of the deaf students in year 2015 passed their mid-year and end-of-the-year examinations.

Credit must go to the RTs in BLSS who constantly guide students and facilitate in developing good rapport between teachers and the students. The RTs often go the extra mile to create opportunities for our deaf students to express their feelings and concerns clearly.

The school also places much emphasis on Co-Curricular Activity (CCA) and Values - In - Action (VIA) activities. Many of the students including the deaf and hard-of-hearing students were involved in the Community Engagement Programme (CEP), and this had significantly raised their awareness of social responsibility and influenced their attitude towards the less fortunate in our society.

Some of the activities that the Deaf students had participated in in year 2015 included Flag Days for various VWO, school camps and involvement in the gardening club.

BLSS continually reinforces the school's core values in the deaf students so as to ensure they develop a positive viewpoint of education as a means of achieving a good quality of life.

Volunteer Appreciation

A Volunteers' Appreciation Dinner was held at SADeaf's hall on 25 April 2015 to honour and acknowledge the contributions of over 30 volunteers who had served SADeaf for a year and above. Long-time volunteers Leon Woo and Pet Tan were the Masters of Ceremony for the evening, making sure all the volunteers enjoyed the buffet spread and had fun playing games as well as take the opportunity to network. Certificates of Appreciation were also presented to the volunteers by Mr Alvan Yap, Deputy Director of SADeaf.

SADeaf Board of management would like express its deepest gratitude to all the volunteers for the dedication and commitment to serve the Deaf and Hard-of-hearing community.

Besides receiving volunteers' support for the numerous programmes and activities organised by SADeaf, the association is also supported by dedicated volunteer groups, namely, Singapore Deaf Youth Section (SDYS), SADeaf Igniters (formerly known as Youthbeat), Signifique, Social Group of the Deaf (SGD), and volunteers in the Tuition Enrichment Programme (TEP).

Report on the financial statements

We have audited the accompanying financial statements of The Singapore Association for the Deaf (the "Association") for the financial year ended 31 March 2016 as set out on pages 5 to 29, which comprise the statement of financial position of the Association as at 31 March 2016, and the statement of financial activities, statement of changes in funds and statement of cash flows for the financial year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions the Societies Act (Chapter 311), Charities Act (Chapter 37) and Singapore Financial Reporting Standards, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition, that transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation of financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

NOTES TO THE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR ENDED 31 MARCH 2016

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. General information

The Singapore Association for the Deaf ("the Association") is registered with the Registry of Societies under Societies Act (Chapter 311) in Singapore on 29 March 1962. The Association's registered address and its principal place of business is at 227, Mountbatten Road, Singapore 397998.

The principal activities of the Association are to promote and manage all aspects of the welfare of the Deaf (including those with hearing disabilities and who are hard of hearing, hereinafter referred to as the Deaf) in Singapore, to develop, provide and maintain welfare, educational and training services for the Deaf in Singapore, to advocate for the full participation of the Deaf in our Association and to do any or all such other things as are incidental or conducive to the attainment of the above objects, the Association shall: (i) receive gifts in property or in kind, whether subject to any special trust or not, for any one or more of the objectives of the Association; (ii) raise funds in aid of the Deaf in such manner as the Association may think fit, including the sale of hearing aids, accessories or other things; (iii) establish, support and aid in the setting up of any other association formed for or any of the objectives of the Association; (iv) purchase, develop, maintain, lease or otherwise acquire land or buildings of whatever kind or any interest in the same and to sell, convey, assign, mortgage, pledge or otherwise dispose of any land or buildings for the purpose of the Association.

The Association is a charity registered under the Charities Act since 30 May 1984. It has been granted Institutions of a Public Character ("IPC") status for the period from 1 January 2015 to 31 March 2017.

2. Significant accounting policies

2.1 Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards ("FRS") and the disclosure requirements of the Societies Act (Chapter 311) and Charities Act (Chapter 37). The financial statements have been prepared under the historical cost convention, except as disclosed in the accounting policies below.

These financial statements are presented in Singapore Dollar (S\$), which is the Association's functional currency.

The preparation of these financial statements in conformity with FRS requires management to exercise its judgement in the process of applying the Association's accounting policies. It also requires the use of certain critical accounting estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of income and expenditure during the financial year. Although these estimates are based on Executive Council's best knowledge of current events and actions, actual results may ultimately differ from those estimates.

2. Significant accounting policies (Cont'd)

2.1 Basis of preparation (Cont'd)

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in Note 3.

2.1.1 Interpretations and amendments to published standards effective in 2015

The Association has adopted the new or revised FRS and Interpretations to FRS ("INT FRS") that are mandatory for application from that date. Changes to the Association's accounting policies have been made as required, in accordance with the transitional provisions in the respective FRS and INT FRS. The following are the FRS and INT FRS that are relevant to the Association:

<u>FRS</u>	<u>Effective date</u>	<u>Title</u>
FRS 16	1.7.2014	Improvement 2012 – Property, plant and equipment
FRS 24	1.7.2014	Improvements 2012 - Related Party Disclosures
FRS 113	1.7.2014	Fair Value Measurement (Scope of portfolio exception)

The adoption of these new or amended FRS and INT FRS did not result in substantial changes to the accounting policies of the Association and had no material effect on the amounts reported for the current or prior financial years.

2.1.2 Standards issued but not yet effective

The Association did not early adopt the following relevant new/revised FRS, INT FRS and amendments to FRSs that were issued at the date of authorisation of these financial statements but not yet effective until future period:

<u>FRS</u>	<u>Effective date</u>	<u>Title</u>
FRS 1	1.1.2016	Presentation of financial statements (Disclosure initiative)
FRS 109	1.1.2018	Financial instruments
FRS 115	1.1.2018	FRS 115 Revenue from contract with customers

Management believes that the adoption of the revised standards and interpretations will have no material impact on the financial statements in the period of initial application.

2.2 Revenue recognition

Revenue comprises the fair value of the consideration received or receivable for the services rendered in the ordinary course of the Association's activities. Revenue is recognised as follows:

2.2.1 Government grants

Government grants are recognised as income in the financial statements over the periods necessary to match them with the related costs, which they are intended to compensate on a systematic basis. The Government funding for capital expenditure are amortised as income over the useful lives of the assets they fund.

2. Significant accounting policies (Cont'd)

2.2 Revenue recognition (Cont'd)

Revenue comprises the fair value of the consideration received or receivable for the services rendered in the ordinary course of the Association's activities. Revenue is recognised as follows:

2.2.2 Donations

Unrestricted donations are reported as income. The timing of income recognition is governed by the donor's intent. If the donor is silent, the donation is recognised as income in the year made. The timing of income recognition for restricted donations is the same as for unrestricted donations.

2.2.3 Rendering of services

When the outcome of a transaction involving the rendering of services can be estimated reliably, revenue associated with the transaction is recognised by reference to the stage of completion of the transaction at the reporting date.

2.2.4 Other income

Other income is recognised when received.

2.3 Expenditure recognition

All expenditure is accounted for on accrual basis, aggregated under the respective areas. Direct costs are attributed to the activity where possible. Where costs are not wholly attributable to an activity, they are apportioned on a basis consistent with the use of resources.

2.3.1 Cost of charitable activities

Cost of charitable activities comprises all directly attributable costs incurred in the pursuit of the charitable objects of the Association.

2.3.2 Governance and administrative costs

Governance costs include the costs of governance arrangement, which relate to the general running of the Association, providing governance infrastructure and ensuring public accountability. These costs include costs related to constitutional and statutory requirements and an apportionment of overhead and shared costs.

2.4 Property, plant and equipment

2.4.1 Measurement

All property, plant and equipment are initially recognised at cost and subsequently carried at cost less accumulated depreciation and accumulated impairment losses.

The cost of an item of property, plant and equipment initially recognised includes its purchase price and any costs that are directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

2. Significant accounting policies (Cont'd)

2.4 Property, plant and equipment (Cont'd)

2.4.2 Depreciation

Depreciation on property, plant and equipment is calculated using the straight-line method to allocate their depreciable amounts over their estimated useful lives. The estimated useful lives are as follows:

	Useful life
Building renovation	5 years
Furniture and equipment	5 years

Fully depreciated assets are retained in the financial statements until they are no longer in use.

The residual values and useful lives of property, plant and equipment are reviewed, and adjusted as appropriate, at each reporting date. The effects of any revision of the residual values and useful lives are included in the statement of financial activities for the financial year in which the changes arise.

2.4.3 Subsequent expenditure

Subsequent expenditure relating to property, plant and equipment that has already been recognised is added to the carrying amount of the asset only when it is probable that future economic benefits associated with the item will flow to the Association and the cost of the item can be measured reliably. Other subsequent expenditure is recognised as repair and maintenance expenses in the statement of financial activities during the financial year in which it is incurred.

2.4.4 Disposal

On disposal of an item of property, plant and equipment, the difference between the net disposals proceeds and its carrying amount is taken to the statement of financial activities.

2.5 Impairment of non-financial assets

Property, plant and equipment are reviewed for impairment whenever there is any indication that these assets may be impaired. If any such indication exists, the recoverable amount (i.e. the higher of the fair value less cost to sell and value in use) of the assets is estimated to determine the amount of impairment loss.

For the purpose of impairment testing of the assets, recoverable amount is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. If this is the case, recoverable amount is determined for the cash-generating unit (CGU) to which the asset belongs.

If the recoverable amount of the asset (or CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or CGU) is reduced to its recoverable amount. The impairment loss is recognised in the statement of financial activities.

2. Significant accounting policies (Cont'd)

2.5 Impairment of non-financial assets (Cont'd)

An impairment loss for an asset is reversed if; there has been a change in the estimates used to determine the assets' recoverable amount since the last impairment loss was recognised. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of depreciation) had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss for an asset is recognised in the statement of financial activities.

2.6 Financial assets

2.6.1 Classification

The Association classifies its financial assets as loans and receivables. The classification depends on the purpose for which the assets were acquired. Management determines the classification of its financial assets at initial recognition and re-evaluates this designation at every reporting date.

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are included in current assets, except those maturing later than 12 months after the reporting date, which are classified as non-current assets. Loans and receivables are classified within "Other receivables" and "Cash and cash equivalents" on the statement of financial position.

2.6.2 Recognition and derecognition

Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Association has transferred substantially all risks and rewards of ownership.

2.6.3 Initial measurement

Financial assets are initially recognised at fair value plus transaction costs

2.6.4 Subsequent measurement

Loans and receivables is subsequently carried at amortised cost using the effective interest method.

2.6.5 Impairment

The Association assesses at each reporting date whether there is objective evidence that a financial asset or a group of financial assets is impaired.

An allowance for impairment of loans and receivables including other receivables is recognised when there is objective evidence that the Association will not be able to collect all amounts due according to the original terms of the receivables. Significant financial difficulties of the debtor, probability that the debtor will enter bankruptcy or financial reorganisation, and default or delinquency in payments are considered indicators that the receivable is impaired. The amount of the allowance is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate.

2.7 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and, short-term and highly liquid investments that are readily convertible to known amounts of cash which are subject to an insignificant risk of changes in value.

2.8 Financial liabilities

Financial liabilities are recognised when the Association becomes a party to the contractual agreements of the instrument and are classified according to the substance of the contractual arrangements entered into. All interest related charges are recognised in the statement of comprehensive income. Financial liabilities include "Accruals and other payables" on the statement of financial position.

Financial liabilities are derecognised when the obligations under the liability is discharged, cancelled or expires. When existing financial liabilities are replaced by another from the same lender on substantially different terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in respective carrying amounts is recognised in the statement of comprehensive income.

2.9 Accruals and other payables

Accruals and other payables are initially recognised at fair value, and subsequently carried at amortised cost, using the effective interest method.

2.10 Provisions for other liabilities and charges

Provisions for other liabilities and charges are recognised when the Association has a present legal or constructive obligation as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated.

2.11 Currency translation

Transactions denominated in a currency other than Singapore Dollar ("foreign currency") are translated into Singapore Dollar using the exchange rates prevailing at the dates of the transactions. Currency translation gains and losses resulting from the settlement of such transactions and from the translation at the closing rate at the reporting date of monetary assets and liabilities denominated in foreign currencies are recognised in the statement of financial activities.

2.12 Employee compensation

2.12.1 Defined contribution plans

Defined contribution plans are post-employment benefit plans under which the Association pays fixed contributions into separate entities such as the Central Provident Fund ("CPF"), on a mandatory, contractual or voluntary basis. The Association has no further payment obligations once the contributions have been paid. The Association's contribution to defined contribution plans are recognised as employee compensation expense when they are due.

2.12.2 Employee leave entitlement

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the reporting date.

2.13 Related parties

A related party is defined as follows:

- (a) A person or a close member of that person's family is related to the Association if that person:
 - (i) Has control or joint control over the Association;
 - (ii) Has significant influence over the Association; or
 - (iii) Is a member of the key management personnel of the Association or of a parent of the Association;
- (b) An entity is related to the Association if any of the following conditions applies:
 - (i) The entity and the Association are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others;
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
 - (iii) Both entities are joint ventures of the same third party;
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Association or an entity related to the Association. If the Association is itself such a plan, the sponsoring employers are also related to the Association;
 - (vi) The entity is controlled or jointly controlled by a person identified in (a);
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity)

3. Critical accounting estimates, assumptions and judgements

Estimates, assumptions and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3.1 Critical accounting estimates and assumptions

The Association makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

3.1.1 Estimated useful lives of property, plant and equipment

The Association reviews annually the estimated useful lives of property, plant and equipment based on factors such as operating plans and strategies, expected level of usage and future technological developments. It is possible that future results of operations could be materially affected by changes in these estimates brought about by changes in the factors mentioned.

3.2 Critical judgements in applying the entity's accounting policies

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are discussed below.

3.2.1 Allowance for impairment of receivables

The Association reviews the adequacy of allowance for impairment of receivables at each closing by reference to the ageing analysis of receivables, and evaluates the risks of collection according to the credit standing and collection history of individual client. If there are indications that the financial position of a client has deteriorated resulting in an adverse assessment of his risk profile, an appropriate amount of allowance will be provided.

3.2.2 Impairment of property, plant and equipment

Property, plant and equipment are reviewed for impairment whenever there is any indication that the assets are impaired. If any such indication exists, the recoverable amount (i.e. higher of the fair value less cost to sell and value in use) of the assets is estimated to determine the impairment loss. The key assumptions for the value in use calculation are those regarding the growth rates, and expected change to income and expenditure during the year and a suitable discount rate.

SCHOOL PROFILE

The Singapore School for the Deaf (SSD), which was established in 1963, is under the umbrella of the Singapore Association for the Deaf (SADeaf). In 1977, the school adopted the Total Communication approach – using signing, oral, auditor, written and visual aids as medium of communication and instructions for the pupils.

In 2014, with the support of the Ministry of Education, SSD embarked on a bilingual bi-cultural approach, which encompasses the use of Singapore Sign Language (SGSL) in communication and instruction, with English Language taught as a second language.

ACADEMIC REPORT

A total of 9 pupils were enrolled in Primary 3, 5 and 6 at the start of the year 2015. All the five pupils in Primary 6 passed their PSLE and progressed to Boon Lay Secondary School.

In an effort to meet the learning and socio-emotional needs of the pupils, the school engaged an educational psychologist and art therapist to work with the students. The School also provided remedial classes to help the pupils in their weaker subjects.

PROGRAMMES AND ACTIVITIES

In 2015, the school introduced swimming as part of the pupils Co-curricular Activities (CCA) and Thursdays were set aside for swimming classes at the Katong Swimming Complex. Through these lessons, the pupils not only learned proper swimming techniques but also built up their strength and confidence.

LKY Museum

The school organised a visit to the National Museum Gallery on 8 August 2015 where the students had a solemn but insightful experience on the memories of the late Mr Lee Kuan Yew.

Pupils giving their full attention to Mr David Lee who explained to them the history behind the display

Youth Celebrate!

Nine pupils and four teachers from SSD celebrated SG50 and the opening of Singapore's new icon, the Singapore Sports Hub, with the community of over 30,000 pupils from all over Singapore on 26 July 2015. The school organised a field trip to the Peranakan Museum on 25 July.

Toy Run

The Toy Run event on 19 December 2015, organised by UE Holding, was an exhilarating experience for our pupils as they got to sit on Harley Davidson bikes and were treated with gifts from the organiser.

Pupils and staff holding up SSD's flag

All the pupils and three staff from the school participated in the opening ceremony of the Para Games which marked the beginning of the 8th ASEAN Para Games on 3 December 2015, which was anchored and inspired by persons with disabilities. The pupils were part of the Song-Signing group.

It has been a tradition for the past few years for our school to celebrate Children's Day with Damai Primary School (DPS). 2015 was no different as the students once again went to DPS on 8 October for a day of fun and games. The SSD students brought gifts they made in art class for their friends in DPS.

At the Baba Museum

The learning journey to Melaka, a historical town in Malaysia, was the highlight for many of the pupils in 2015. Nine pupils together with four ex-pupils, the Vice Principal and five school staff, went on a three-day learning journey to Melaka from 11-13 November 2015. On this trip, the pupils had the opportunity to visit many places of interest including Baba Museum, Jonker Street, Cheng Ho Museum, Francis Xavier Church, Portuguese Settlement and the Deaf Association of Melaka.

Learning Journey to Melaka, Malaysia

On 24 September 2015, the SSD pupils participated in Purple Parade which supports the inclusion & celebrates the abilities of persons with special needs.

SERVICES

Social Work Services

The Social Work Section looks into the welfare of pupils. This includes their socio-emotional, behaviour and financial well-being. It also oversees and manages the volunteers of the School.

Financial assistance for needy pupils are given in the form of the School Pocket Money Fund and various educational funds. These funds helped the needy pupils with their pocket money, transport fees, school fees, textbooks and cost for purchase and repair of ear moulds and hearing aids. Financial assistance is procured from MOE Financial Assistance Scheme, NCSS, SgEnable, MILK Fund, Southeast CDC and generous donations from the public.

Home visits are conducted for the purpose of financial assessments. During home visits, counselling may be given on family budgeting, and challenges and needs may be discussed. Getting to know the family allows the School to be in a better position to understand and assist the pupils.

Speech, Language and Audiological Services Speech, language and audiological services are provided to all pupils. These services enhance the pupils' hearing and equip them with listening skills and develop correct articulation. The services include hearing tests and hearing aid fittings. The pupils are regularly briefed on the care and maintenance of hearing aids.

Auditory and speech training sessions are conducted for all pupils in a one to one session. Out of the 9 pupils, three pupils showed significant improvement in their listening and oral (verbal) language skills.
